**WORLD'S LARGEST DEMOLITION DERBY  
2010 BARNSTABLE COUNTY FAIR  
INSIDE FUEL TANK OPTION for the DEMOLITION DERBY ONLY!**

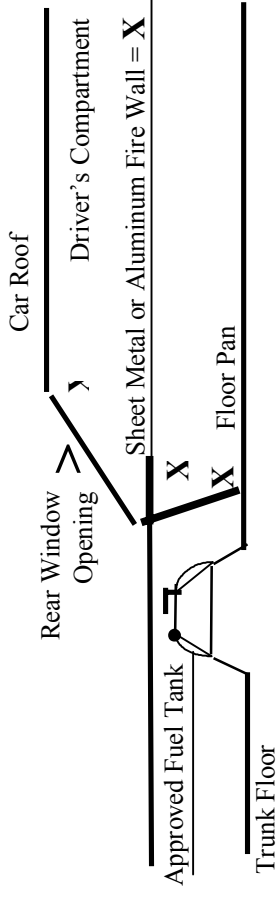

JMP has recommended stock fuel tanks for over 40 years, based on our experience of overall safety.

**(All NASCAR Divisions Have Outside fuel Tanks)**

1. An alternate fuel tank **MAY** be installed with the following provisions adhered to:
  - a) The stock fuel tank must be removed from the car if you are installing an inside tank.
  - b) The car must use an approved type of portable fuel tank. A fuel tank used with outboard marine engines is acceptable.
  - c) No stock tanks will be permitted inside the car. If you have a plastic marine tank, it must be placed in a solid steel case!
  - d) The tank must be mounted on a solid, flat surface located directly above the rear axle or center of the rear seat area covered with a metal firewall.
  - e) The tank must be securely mounted to the car body by at least two steel straps. **NO** rubber tie-downs permitted!
  - f) The mounted fuel outlet fitting on the marine tank cannot be changed.
  - g) The tank will not be allowed if fuel runs out when the outlet line is disconnected or when the tank is inverted.
  - h) If any gas is spilled in your car, it will not be permitted to run.
  - i) The fuel line must run under the floor pan to the fuel pump by using your original gas line or a new rubber hose.
  - j) Fuel pump must shut off with ignition switch.
  - k) No more than 3 gallons of gas is permitted.
  - l) If your tank is located in the trunk over the rear axle, the rear seat cushion support brackets and all areas designated with an "X" in diagram 2 (below) must be covered with sheet metal or aluminum firewall to minimize fumes from entering the driver's compartment from the trunk area. If your tank is located in the center of the rear seat, it must be covered with a metal firewall.

**JM Productions does not imply or guarantee safety. We believe that when a gas tank leaks fuel or fumes, it is safer for them to leak on the track rather than in the car.**
